in the Rear of Her English Rival,
But Gains Rapidly for the First
Hour—Then for a Time Honors Are
More Even—Progress of the RaceNew York, Sept. 7.—The first race
of the three, that will determine the
possession of the America cup, was
sailed this afternoon, with fair
weather and a brisk breeze. Hun-
dreds of steamers lined the course,
35,000 people going out on excursion
boats alone.Defender crossed the line at 12:10
and Valkyrie five seconds later. The
start was a false one and the boats

were called back. Valkyrie crossed
the second time at 12:20:05, the De-
fender five seconds later.At 1:06 the Defender was half a mile
ahead.She lost a little in the next few
minutes and at 1:20 was but a quarter
of a mile ahead.At 1:50 she was still leading.
It was very evident that in the
windward work, which
formed the first leg of the race, she
was out pointing and outtailing
Valkyrie.At 2:30 the boats were about six
miles from the start. The wind had
hailed to the south and good judges
said the Defender had the big end.At 3:16 both boats were completely
hidden from view. Short Beach re-
ported the yachts as hauled down from
there. Observers were unable to say
which was leading.At 3:40 the boats had not yet turned
the stake boat. Defender was ahead.
The weather was very hazy and it be-
gan to be doubtful if the boats would
finish within the time.As the yachts drew near the finish-
ing line Valkyrie was seen to be
about three quarters of a mile ahead
with Defender gaining.At 5:35 the Defender crossed the
line 8:05 minutes ahead.When the tape measure was applied
officially to the two yachts the
English boat was found to be
the greatest phony or tuck boat ever
built for a mug hunter. By cutting
away three inches of her length her
load water line has been reduced to but
one-hundredth of a foot more than that
of the Defender, while by moving her
bowsprit back eighteen inches her sail
area has been so reduced that it only
exceeds that of the American boat by
425 square feet. In consequences of
these changes she will have to give the
Defender a time allowance of less than
half a minute.

Seven of the sailors of Brokaw's yacht

LORD DUNRAVEN.

Amorita will form part of the crew of
the Valkyrie, as she did not fetch a
full complement of men from England,
or if she did it has been thought ex-
pedient to reinforce their number.
Though Brokaw is a New Yorker his
yacht's crew are all Englishmen, so
that there will be but one Yankee on
board the Valkyrie, and he will be the
New York Yacht Club's representative.After the yachts were measured both
departed for the horsehoe, inside of
Sandy Hook, there to remain until sum-
moned to the mark.The races promise to be the most ex-
citing of all the contests which have
taken place for the trophy won in 18gish waters Aug. 22, 1851. All the
science of shipcraft has been brought to
bear to make Valkyrie III. fit for the
struggle, but American yachtsmen are
confident the cup will remain here.CAPT. CRANFIELD.
Of the Valkyrie.Over 100 steam and sailing yachts
from eastern and southern waters have
arrived within a day or two and are
anchored about the harbor. Off Bay
Ridge there is the most imposing fleet
of yachts that has been seen together
in many a day. These yachts have
left Newport and other places to give
their owners a chance to see the races
from their decks.Betting became much more active
yesterday, and a number of heavy
wagers were made. The odds asked
are 6 to 4 on the Defender.London, Sept. 7.—The Chronicle says:
"If Valkyrie III. does not hoist the win-
ning flag today or Tuesday we shall
probably never build a yacht that will
do as well in the dry air of American
waters as in the moist winds of Albion.
Yet we may be sure the rivalry now
established will not die."

TO PURIFY LEMONT, ILL.

Energetic Measures Taken by the Cit-
izens' Association.Chicago, Sept. 7.—"Smoky row" in
Lamont, said to be the toughest street
in America, was cleaned out yesterday
afternoon. The Citizens' association,
the Civic Federation of Lamont, did the
work. Yesterday afternoon at 2:30
o'clock a special train over the Santa
Fe left Chicago, having on board De-
tective C. E. Stanley and thirty-six of
his men, all of whom had been detailed
to serve warrants sworn out by the Rev.
J. Francis Clancy before Justice James
C. Martin. The detectives had warrants
for thirteen keepers of disreputable
houses and for seventy-eight inmates,
white and colored.One of the detectives, James Carter,
had the most important document in
his possession. This was a warrant
issued by Judge Neely for the arrest of
John Webb McCarthy, mayor of Le-
mont. The charge against the mayor
was receiving a bribe. All the men
were arrested and lodged in jail. The
state of this town has long been a scan-
dal in the State, and a determined ef-
fort to purify it will be made.

Heavy Wheat Shipments from Duluth.

Duluth, Minn., Sept. 7.—Wheat ship-
ments from here to-day will be enor-
mous, reaching 1,500,000 bushels and
requiring a fleet of from twenty to
twenty-five boats to carry it. State
Grain Inspector Clausen, of St. Paul,
says he does not believe the smut bug-
aboo is going to cut so much figure as
has been represented. It is rumored
here that one or two elevators are to
be made private warehouses, not sub-
ject to State supervision, this being
done to allow them to put in washing-
machines for cleaning and scouring
smutty wheat. The State regulations
prohibit this.THE TRADE REVIEWS
SHOW A DULL WEEKBUSINESS OF THE COUNTRY
ALMOST STATIONARY.Increase Is Vanishing, But There Is
Still a Large Gain Over a Year
Ago—Tremendous Crop of Corn
Assured—The Week's Failures Are
Not Alarmingly Numerous.New York, Sept. 7.—R. G. Dun &
Co.'s Weekly Review of Trade says:
"There is no real reaction in business.
Gains which were recognized as tem-
porary are vanishing, but there remains
a decided increase over last year at
date, although prices average 8.8 per
cent lower than a year ago. Hides
were the first to rise, but a decided
break has come. Coke was suddenly
raised to \$1.40, but has recently sold at
\$1.10. Wheat jumped over 20 cents, to
84, but is now slow of sale at about 65.
Wool was late in rising, but has lost
about 1/4 of a cent in average price with-
in the past fortnight. Iron still rises,
the strike having hindered the ship-
ments of ore, but, with troops guarding,
the ore begins to move. Cotton is
strong, but has paused. The general
tendency to curtail purchases where
prices have notably advanced grows
clearer in boots and shoes, in wool, and
in some products of iron."The combinations have again ad-
vanced prices of bar iron \$2 per ton and
of wire nails 20 cents per keg, while
Bessemer is quoted at \$17.40 at Pitts-
burg, and eastern manufacture from im-
ported ore has again commenced to
supply western consumers. Special
causes are the wholly unprecedented
bridge building, the continued demand
for building in cities, and heavy ship-
building on the lakes. Consumption al-
ready hesitates, and railroads have not
much expanded their demand for rails."Copper is also a shade weaker, with
large supplies; tin with 26,390 tons in
visible stock, domestic and foreign; and
lead with sales of 1,500 tons domestic.
"In the boot and shoe industry many
shops are discharging hands, and in
woolen manufacture a few works are
closing for want of orders."Sales of wool, which averaged over
10,000,000 pounds per week when great
speculative stocks were being taken,
have shrunk to 5,380,500 for the week,
against 7,557,300 for the same week in
1892."The cotton manufacture has rising
cotton and a strong market to help, but
a chance for a great strike for higher
wages."The brightest future in all the hori-
zon is the certainty that the crop of
corn will be enormous. Frosts now can
only affect a small fraction, and the
surplus will go into manufacture of
meats, because at 35.7 cents at New
York, nearly 4 cents lower than a week
ago, there is no other profitable use for
corn. The latest reports of wheat
threshing induced the best Western
judges to raise their estimate of the
yield over 40,000,000 bushels, and, with
450,000,000 bushels, added to 70,000,000
brought over the supply will exceed all
probable demands."Atlantic exports have been only 1-
347,352 bushels, flour included, against
2,739,860 last year, Pacific shipments
continuing large."The one farm product which has
been strong because certainly short in
yield rose from 8.19 cents for spot cot-
ton last week to 8.25 Tuesday, but has
since been weak in spite of concrete
official statements that the decrease is
33 per cent in some states and 27 per
cent in Texas. The public sees much
organized and skilled labor in these re-
ports, and also sees, what many specu-
lators refuse to see, the 3,000,000 bales
old American brought over. It is ear-
nestly hoped that southern agriculture
has not sustained a great calamity. The
annual reports, showing a larger yield
last year than has been supposed, only
indicate that more cotton must remain
in the country, besides the unconsumed
stocks abroad. A quiet market without
much change of prices for a time would
be a blessing to the south."Failures for the week have been
186 in the United States, against 219 last
year, and in Canada 38, against 47 last
year."

Indiana Liquor Men Confident.

Indianapolis, Ind., Sept. 7.—The State
Brewers' association has decided to
bring a test case of the local option sec-
tion of the new law. The case will be
rushed to the Supreme court as quickly
as possible. The brewers declare they
have secured the opinions of six lead-
ing lawyers in the state and all agree
the section of the law in question will
be knocked out by the higher court.

Get a Change of Venue.

Princeton, Ill., Sept. 7.—The fifteen
Spring Valley defendants in the riot
cases filed notice yesterday that they
would take a change of venue from
Judges Blanchard and Dilsee on the
ground of prejudice. The case against
Mayor Delmargo will be tried before
Judge Trimble in the county court.

American Prisoners in Cuba Released.

Washington, Sept. 7.—The state de-
partment received a cablegram last
night from Consul-General Williams in
Havana stating that Aguirra had been
released by the Spanish authorities and
Sanguilly would be granted a civil trial
soon. The release of Aguirra and the
prompt trial of Sanguilly will secure
everything for which the United States
has contended.AN INDIANA TRAGEDY
OF FEARFUL SORTA HORRIBLE DOUBLE MURDER
NEAR SULLIVAN.James Ward Kills His Father-in-Law
and Another Man and Commits Su-
icide—Young Florida Girl Murdered
—Yesterday's Criminal News—
Black Side of Human Nature.Sullivan, Ind. Sept. 7.—The most hor-
rible murder and suicide in the history
of this (Sullivan) county occurred
Thursday night. James Ward killed
Aaron Hunter, his father-in-law, and
John Hunter, his brother-in-law, and
then took his own life. Ward cut off
the head of the elder Hunter and split
wide open the head of the son. Family
differences are supposed to have led to
the crime.Thursday night at 11 o'clock Ward
and Aaron Hunter were in town, and
had apparently arrived at a satisfactory
understanding. Ward insisted, how-
ever, upon the old man going to the
woods for the purpose of hunting coons.
While the hunt was in progress and
Hunter was sitting on a stump Ward
hit him on the neck with an ax. His
head was split wide open. When Hunt-
er fell Ward struck the prostrate body
again and cut off the head. The ax
sank into the ground. The murderer
then proceeded to kick the head of his
victim about. He then went home,
awoke his wife and told her to call her
brother, as he and the old man had
treated a coon and ask him to come and
help fell the tree.The younger Hunter got up, went out
into the yard with only his shirt on,
when Ward, with a stroke of the ax,
felled him to the ground. Young Hunt-
er died almost immediately, with his
head split open.Ward then told his wife to keep quiet
about the whole affair; that if she did
not she would suffer the same fate as
her father and brother. Ward then
went about half a mile down the road
and stopped at the Beckles home. He
told Mrs. Beckles that he had killed
both the Hunters.Before many hours the crime was
generally known and a posse consisting
of miners and farmers started on the
hunt for Ward, armed with various
weapons. Ward had two revolvers and
this fact was known by his pursuers.
The posse became enraged and when the
old man's body was found the mob be-
came more determined than ever and
determined to hang Ward if captured.
Just as the posse had located Ward
and surrounded the field in which he
had been hiding a single shot was
heard. The posse closed in on the spot
whence the firing had come and found
Ward on his back on the ground with
a revolver in either hand and a bullet
wound under the left ear. He was al-
ready dead.

YOUNG GIRL MURDERED.

Atrocious Crime Reported from Amilla,
Florida.St. Louis, Mo., Sept. 7.—A special
from Amilla, Fla., says some time last
Tuesday night Stella Johnson, the 16-
year-old daughter of a widow who lives
near here, was kidnapped.This morning the nude corpse of the
girl strapped to a log and horribly
mangled was found floating in a small
lake about six miles from her home.
The girl's neck had been broken and
her throat cut from ear to ear. Her
right arm had been severed from the
body at the shoulder and no trace of it
can be found. Several young men who
had been paying attention to the girl
are under suspicion. In the girl's room
was found a mask which had been torn
from one of her assailants. The cor-
oner is investigating and if the inquest
confirms the suspicions entertained
three men will be lynched.

Helped to Kill Her Mother.

Grand Haven, Mich., Sept. 7.—May
Pierce, thirteen years old, was found
guilty of manslaughter yesterday.
The jury having been out eighteen
hours. The child was accused of being
an accomplice of George Cheesbro, aged
eighteen, in the murder of her mother
on July 8. Cheesbro was convicted of
murder at the last term of court and is
now serving a life sentence.

Colored Man Lynched.

Nashville, Tenn., Sept. 7.—At Fay-
etteville last night "Dock" King, col-
ored, arrested on the charge of attempt-
ing to assault Mrs. Charles Jones, near
Rayetteville, was taken from jail by a
mob of 200 men and hanged. King pro-
tested his innocence, but he was iden-
tified by Mrs. Jones and her sister as
the guilty man.

Will Investigate Boondoggling Charges.

Springfield, Ill., Sept. 7.—From
trustworthy sources it is learned that
the grand jury in session here yester-
day issued subpoenas for three Chicago
persons, Gov. Altgeld, and two others,
commanding them to appear before the
jury and testify regarding alleged bood-
doggling by members of the last general
assembly.

Durrant Trial Will Be Long.

San Francisco, Cal., Sept. 7.—The
taking of testimony in the trial of
Theodore Durrant is proceeding slowly.
During the three days in which wit-
nesses have been on the stand, all that
has been established is that Blanche
Lamont is dead and that her body
bears marks of violence.

CURTIS AT NEW YORK.

Assistant Secretary of the Treasury
Calls on Bond Syndicate.New York, Sept. 7.—Assistant Sec-
retary Curtis was in this city yesterday
on a mysterious mission supposed to
have something to do with the bond
syndicate. There was the utmost retic-
ence regarding the movements of Mr.
Curtis, and he got out of Washington
without his departure being noticed
until he was well on his way. The
gold reserve was struck hard yesterday,
and, as there were no advices from the
syndicate indicating that it was again
coming to the relief of the treasury, it
is believed that it was deemed advis-
able for Mr. Curtis to run over and have
a personal conference with the repre-
sentatives of the syndicate. Taking out
the amount withdrawn yesterday, \$1-
600,000, the reserve has been reduced to
the lowest notch reached in many
weeks, and what causes the officials
some concern is the rumor that another
large withdrawal will be made within
the next few days.

Arkansas Silverites Meet To-Day.

Little Rock, Ark., Sept. 7.—The sil-
ver Arkansas editors meet in conven-
tion here to-day. Fully four out of
five of the country papers are for free
silver, but all of the papers here at
the capital are for the gold standard,
and the movement may result in the
starting of a silver daily here. This
state is strong for silver and the coun-
try papers propose to keep it so. Their
convention will formulate a plan some-
what similar to that of the Missouri sil-
ver editors' convention and advocate
the calling of a conference of the state
silver leaders to organize in each voting
precinct in the state.

Nebraska Fair Grounds Opened.

Omaha, Neb. Sept. 7.—The new state
fair grounds were formally opened yester-
day by the celebration of Omaha
jubilee day, the day set apart by the
directors of the local board of the fair
to celebrate the success of the under-
taking. The fair was located last De-
cember for a term of five years at
Omaha. The day was a school, bank
and business holiday for Omaha, South
Omaha and Council Bluffs, and crowds
thronged the grounds all day, admiring
the new white city, similar in design to
the Chicago buildings. Over 25,000 peo-
ple visited the grounds during the day.

Ohio's Program at Chickamauga.

Cincinnati, O., Sept. 7.—The follow-
ing is the official program for the
dedication of the Ohio monuments on
Chickamauga battlefield, Wednesday,
Sept. 18: Prayer by Bishop Joyce, ad-
dresses by General Charles H. Gros-
venor, ex-Gov. Campbell of Ohio, and
General Aquila Wiley, who will turn the
monuments over to the Governor of
Ohio; oration by Governor McKinley,
accepting the monuments and trans-
ferring them to the honorable Secretary
of War, and addresses of acceptance by
the Secretary of War Daniel S. Lamont.

Michigan Settlers Will Be Ousted.

Marquette, Mich., Sept. 7.—Arguments
in the case of the Keweenaw Associa-
tion vs. George Cole and John Con-
nors were concluded in the federal
court here yesterday afternoon.
Judge Swan rendered his de-
cision in favor of the plaintiffs. This
is one of the cases brought to eject
settlers from lands purchased by them
the Portage Lake Canal Company, who
had selected them pursuant to the grant
from Congress to aid in the construc-
tion of the canal.

Jury to Try Hinshaw Selected.

Danville, Ind., Sept. 7.—The jury in
the Hinshaw case was completed yester-
day noon. The opening statement
was made by the state. The blood
marks found in the Wood house will
be a matter for the defense to over-
come. O. H. Barnhill, ex-coroner of
Hendricks county, was severely criti-
cised for his conduct in the investiga-
tion. The state begins with its evidence
to-day.

Why Murugua Resigned.

Madrid, Sept. 7.—Muragua, the former
Spanish minister at Washington, who
resigned, has made a public statement
that he handed in his resignation be-
cause he had proof that the Conde
Venadito was justified when she fired
at the Alliance; that the American
steamer contraband goods and was
but a mile and a half from the
Cuban coast. He would not consent
that Spain should be put in the wrong.

For a Non-Partisan Silver Meeting.

Birmingham, Ala., Sept. 7.—A state
convention of silverites, without refer-
ence to party, has been called by lead-
ing populists and a prominent disaf-
fected silver democrat, to meet in this
city Nov. 12. The call invites all the
white men who believe in free silver
and honest elections to attend the con-
ference, and says it will not be binding
on anyone.

Irishmen Have a New Plan.

Washington, Sept. 7.—Irish-Ameri-
cans in Washington are preparing to
send a large delegation to the meet-
ing which will be held in Chicago Sept.
24 for the purpose of taking action to
advance the cause of Ireland and secure
its independence. A boycott upon
English imports has been suggested,
and local sympathizers are inclined to
accept that as a weapon, as they realize
that John Bull can best be reached
through his pocket.MASONIC TEMPLE
IS LEFT IN ASHESBOSTON VISITED BY A BAD
FIRE TODAY.Business Center Suffers From Flames
That Raged Most of the Forenoon
—Home of the Masons Was One
of the First Buildings to Go Up
in the Flames.Boston, Mass., Sept. 7.—A big fire
destroyed business property here this
morning. It started about 9 o'clock
and burned all forenoon. The Ma-
sonic Temple was one of the first im-
portant buildings to go and many oth-
ers followed. The Temple was the
center of Knight Templar affairs two
weeks ago. The loss will reach
\$400,000.

BIG STRIKE THREATENED.

Pennsylvania Coke Workers Ready to
Back Up Demands.Uniontown, Pa., Sept. 7.—The great
advances made in the prices of iron and
in the wages of the workers have not
led to any material increase in the
coke-workers' wages nor in the price of
coke, on which their wages are based.
This is chiefly because of the inability
of the operators to force one large op-
erator into a combination. The men
are tired of waiting for any voluntary
raise in wages and will endeavor to
force an advance. The operators
granted a 10 per cent advance in wages
last spring to avert a strike and be-
lieved this would satisfy their men.
The first the operators knew that there
would be any move made was the hold-
ing of a delegate meeting, represent-
ing every works in the region, at Con-
nellsville yesterday. Resolutions were
formulated demanding an increase
from 90 cents to \$1 per 100 bushels for
mining and 11 per cent advance in all
other grades of labor, to take effect
Monday, Sept. 9, and notices were
served on the employers yesterday. It
is not likely that the demand will be
granted, and a big strike of 16,000 men
will follow, for they are determined to
enforce their demands.

WE WILL ACT ALONE.

Chinese Riots to Be Investigated by
America.Washington, Sept. 7.—The United
States government, it is authoritatively
announced at the state department, has
decided to enter forthwith upon an in-
dependent investigation of the Ching-
Too riots, with the co-operation of a
Chinese representative. As at first ar-
ranged, the inquiry was to have been
made in co-operation with England,
but there has been a change of plans
within the past few days, occasioned
partly by the fact that the British con-
sul at Chung-King, who is to conduct
the investigation on behalf of his gov-
ernment, and to whom, with the con-
currence of the American missionary
member, it was at first proposed to in-
trust the preliminary investigation of
the facts, has been detained at his post,
and it is said, will not be able to begin
the inquiry for a month or more.

EXTENSIVE FORGERIES.

Discoveries at Butte, Mont., Promise a
Big Sensation.Butte, Mont., Sept. 7.—A profound
sensation has been caused in Butte by
the issuance, at the instance of the
County Attorney, of warrants for the
arrest of several men in high standing
and connected with the last city ad-
ministration, charging them with the
forgery of city warrants on different
funds. Although three warrants of ar-
rest have been issued the police so far
have attempted to serve only the one
on ex-City Clerk Perrin Irvine and an-
other on his assistant, P. L. Miller, but
up to a late hour they had not been
found. They are believed to have skip-
ped, and telegrams for their apprehen-
sion have been sent out. The suicide of
ex-Treasurer Jacobs several months ago
who was short about \$50,000 in his ac-
counts, resulted in an investigation, out
of which the present disclosures grew.
It is claimed there was a conspiracy, in
which many officials were involved, and
that fictitious warrants were drawn and
cash aggregated many thousands of
dollars, the prosecuting officers claim-
ing it will amount from \$20,000 to \$100-
000.

Mora Claim to Be Paid at Once.

Washington, Sept. 7.—The Spanish
government has yielded to the repre-
sentation of the United States in the
matter of the place of payment of the
Mora claim, and will pay it in Washington
on the date agreed on, the 15th inst. As
the amount is large the payment will
be made in exchange on London, and
through the state department.

German-Americans Have a Good Time.

Berlin, Sept. 7.—A grand commers
was given last evening for the visiting
German-American veterans of the war
of 1870-71 at the Philharmonic, 2,000
persons being present, including Gen-
erals Loe, Erpous, Roguslawski and
Sasse. Cheers were given for the em-
peror and a telegram expressing hom-
age was sent to his majesty.

Must Close Tin-Plate Mills.

Cleveland, Ohio, Sept. 7.—The tin-
plate manufacturers in this city say
the big advance in the price of steel has
killed the tin-plate industry, and that
in a few months every mill in the coun-
try turning out that product will be
closed.

GUERRILLA CHASERS CAME FROM HERE

WORK DONE BY THE THIRTEENTH REGIMENT.

Cross the Mississippi on the Ice—A Winter Journey in Cattle Cars—The Start for New Mexico—Hunting John Morgan—Part of a Company Grabbed in Southern Prisons.

The tap of drum and sound of fife were not long in reaching Rock county when the war broke out. The half-suppressed threatnings were heard with sinking hearts but when the call came there was no lack of men who were anxious to march under the stars and stripes wherever they were ordered to go. The farms and professions and colleges alike yielded their quota, glad of the sterling characters of the youths they had to send.

So writes Miss Andrews, editor of the Evansville Badger, in her history of the Thirteenth regiment, illustrated by the accompanying cuts of Rock county boys as they appeared in war times.

The Thirteenth Wisconsin was organized October 17, 1861, at Camp Treadway, which was located on a high prairie, just east of the city of

Janesville, where the Rock county fair grounds are now located. Companies A and B were made up from volunteers from Janesville; C from Sharon and Clinton; D from Evansville; E from Albany; F and H from White-water and vicinity; G from Brodhead and Orfordville; I from Delavan and vicinity and K from Milton.

Said Good Bye in the Snow.

While the raw recruits were being trained in the manual of arms, measles broke out in the camp and the hospital tents were filled to their utmost capacity. Until mid-winter the regiment remained there nursing each other and trying to keep from freezing to death in weather twenty degrees below zero. Upon the 18th of January they were ordered on to Fort Leavenworth, to join the Jim Lane expedition then organizing, to check rebel depredations on the southeast border of Kansas. The soldiers stood in line in snow eighteen inches deep awaiting orders to march. Relatives and friends thronged around them to say the last good bye before they boarded the cars for Chicago. Arriving for the first time in the great western city they felt for the first time real military glory as they marched through the city with banners flying.

A Ride in Cattle Cars.

From Chicago south the journey was pleasant in comfortable cars as far as Quincy and not till the regiment was shipped in vile cattle cars from that point to Weston, Mo., did they begin to dream what the phrase "fortunes of war" meant. The remaining seven miles of their journey to Fort Leavenworth was made through snow, down the frozen Missouri river. Their quarters were in

a cheerless market brick building where the soldiers, many just convalescing, vainly tried to keep warm by piling up and down on the cold brick floor.

The 7th of February saw them commence their march of one hundred and thirty miles to Fort Scott. In this march the mule wagons carrying the baggage could not keep up with the soldiers and the men were compelled to sleep out at night unprotected. This night's exposure caused many of the men to have a relapse, bringing on severe chills and fever. Three days of this journey were spent wading almost waist deep, in melting snow and water through ravines on the broad prairie.

Hard Times at Fort Riley.

After being delayed by floods for several days they reached the dilapidated barracks at the fort. Forty

days were spent there putting up with hard fare and doing various kinds of military work. Then they were ordered on a march of over two hundred miles to Fort Riley, via Lawrence to join an immediate expedition under Gen Robert Mitchell, which was to move on to New Mexico, a distance of eight hundred miles.

On the 12nd of April the regiment marched to Fort Riley. Here there was much suffering endured by the men as their fare and continued exposure were beginning to tell on them. The Santa Fe expedition was abandoned and the troops returned to Fort Leavenworth, May 28, and were sent

on transports to Columbus, Ky. This trip seemed a luxury to the foot sore men who had marched over six hundred miles upon the trackless Kansas prairies, wading rivers, slipping and sliding as best they could through slush and water. They enjoyed the lounging upon the decks and paying respects with a dose of canister, to the enemy skulking in the timber along the shores. They landed at Columbus, June 3, 1862 and camped upon ground just recently vacated by the rebels. It was a well fortified spot the former occupants having expended a vast amount of time and work on it and left it only on account of General Grant's movement on the Cumberland. While here the quiver of an earthquake was felt.

Took a Turn at Railroad Work.

Soon the regiment was set to work repairing the Mobile and Ohio Ry. Those of them who were mechanics did not mind the work, but those who for the first time undertook the work of engineers, carpenters or masons felt the heavy strain upon them.

The next movement was back to Columbus, Ky. From there Company D was ordered on to Hickman and was kept busy scouting, gathering up arms from Confederate sympathizers and controlling the sale of merchandise. Company G was sent to Smith-

field, Ky., and rejoined the regiment in November of 1862; Company D, did not rejoin the regiment again until August of 1863.

In September of 1863, the regiment was ordered on Ft. Donelson for garrison duty. Here with other troops, under the command of General Ransom they engaged the enemy at Ricketts's Hill, taking possession of Clarksville, Tenn., September 5, with a large amount of stores. The result was a routing of the enemy with no loss of men for the Thirteenth.

A Month With the Guerrillas.

September 8 they returned to Fort Donelson and spent the rest of September and the month of October in watching guerrillas and going on frequent expeditions. In November they joined General Ransom's expedition to chase John Morgan. This undertaking was fruitless.

At Garrettsville there was a skirmish with the confederates, under Woodward. The result was the enemy left forty-six killed and wounded and fourteen prisoners behind them. November 11 they returned to Fort Donelson and the following day marched to Fort Henry for garrison duty, after a march of 160 miles in duty about Fort Donelson.

In December they went on an expedition against Forest, who was raiding in the western part of Tennessee. They did not strike Forest, and were set to guard the supply steamers between Hamburg and Fort Henry. They did not land until February 3, 1863. They were then sent to assist Fort Donelson, which was attacked. They arrived on the scene just as the attack was repulsed.

The summer of '63 was spent at Fort Donelson, doing garrison duty and chasing guerrillas. On August 2, Julius H. Carpenter and Jacob C. Tereness, both of Company C, were murdered near the fort, by guerrillas. August 27 they left Fort Donelson on a march to Stevenson, Alabama, via Columbia, a distance of 260 miles. The thermometer registered 101 degrees

before they left the fort. The first day, despite the great heat, the regiment made thirty-three miles, camping at Pulaski.

Stevenson was reached on September 14, and Colonel Wm. P. Lyon was placed in command of the supply depot for the Army of the Cumberland, the railroad above having been cut off. At this time the Thirteenth rendered faithful service and averted a great calamity. An exploded rebel torpedo on the track near Stevenson, threw the returning assisting engine off the track. It had been intended for the supply train. It would have been an easy matter for a small number of the enemy to have dashed in and destroyed the provisions had not the guarding soldiers been doing good service. The Thirteenth have always regarded with complacency the part they were able to play in helping the Union forces to remain at Chattanooga.

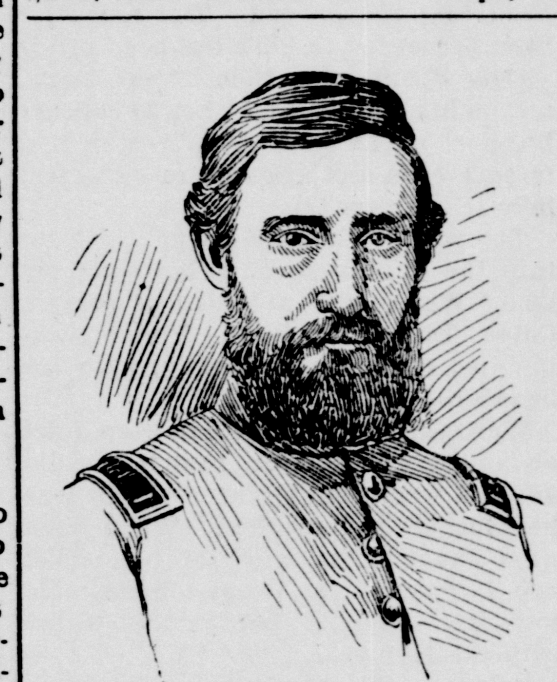

Back For the Veteran Furlough.

After the relief of Chattanooga the regiment joined its brigade and was sent on to Nashville late in October '63 and went into winter quarters at Edgefield until in February of '64 when three-fourths having veteranized the regiment came home on a veteran furlough.

This return to Janesville was a signal for great rejoicing and the most elaborate celebration possible was arranged for these soldier boys by loving friends who were eager to express as best they might their appreciation of their loyalty.

After the thirty days' furlough they assembled at Camp Utley, Racine, and returned to Nashville, March 31. Again they were put on duty as guard of railroad, this time between Louisville and Chattanooga.

Later they were assigned 1st. Brigade, 4th. Division 20th. Corps, in-

tended for operations against Atlanta, but were sent back to Stevenson, Ala., and put to guarding Sherman's supply trains to Dalton, Ga.

On the 4th day of June '64 they were sent to Clayville and established headquarters there and patrolled the Tennessee river day and night for a distance of forty miles, watching fords and guarding trains and supplies.

Forest Found Them Ready.

September 1, '64, they being ordered over the mountains nine miles, to protect the Memphis & Charleston railway from General Wheeler. From there they moved on to Huntsville, Ala., when upon arriving, they were ordered down the railroad again and when five miles out they met a part of Forest's men burning railway bridges. They chased and fired until every rebel was out of sight and hearing.

Until the 25th of November they were engaged in keeping open communications; they returned to Stevenson, where concentration was going on. Here they helped to fortify, to prevent Hood's retreat into East Tennessee.

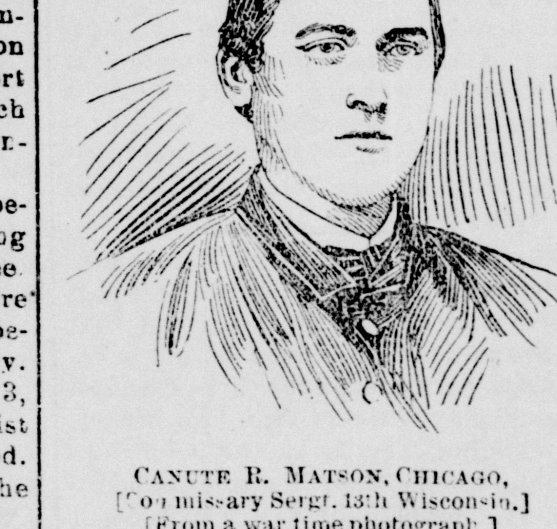

Upon December 31, 1864, Company G at Paint Rock bridge was overtaken by 400 rebels. There were twenty-five captured and two wounded.

In February, 1865, Company C and a remnant of Company G under Lieutenant Louks, attacked Pete White Cotton's guerrillas, capturing several and killing Cotton.

March 20, 1865 the regiment was assigned to 2nd Brigade, 3rd Division, 4th Corps and remained there until it disbanded. They now went to East Tennessee to guard the gap across the mountain if Lee should slip away from the army of the Potomac.

Lee's Surrender Didn't End It.

After Lee's surrender the regiment went to Nashville and a part of them mastered out. The remainder consolidated with a part of the 24th Wis-

consin, and on the 16th of June were sent with the rest of the 3rd Division, 4th Corps, to New Orleans. Their intention was to join Sheridan's army on the Rio Grande and if need be, take a part in driving Maximilian out of Mexico. This journey was made on transports down the Tennessee into the Ohio, and on to Cairo, where they

stopped for a time. Resuming their journey, they proceeded down the Mississippi to New Orleans. Here they camped for a time and then boarded a steamer bound for Texas. After a stormy passage across the Gulf, they arrived at Indianola, July 14.

During the stay here until September 11, there was a great deal of sickness many suffering from sun-strokes and the quality of food.

The next order started them on a march of 113 miles to San Antonio. After one of the hardest marches of their enlistment they arrived at their destination, September 24. On the march many had been prostrated by the tropical sun, and sank upon the bare prairie, narrowly escaping death from heat and thirst.

Here the Thirteenth remained for the rest of the summer, trying to subsist on vile food and the hope of soon seeing home.

Long March Home.

In November the relief came on and on the 24th they were mustered out.

With lightened step they marched 170 miles from Madagorda Bay and from there they sailed across the Gulf and up the river to New Orleans. The boys had changed in looks greatly since the voyage down, but their hearts were enough lighter on the return voyage to make up for their past suffering in a measure.

At New Orleans they took a river boat for Cairo. From that city they came back to Madison by rail. They arrived at the capital the day before Christmas, after a journey of about 2,400 miles since the muster out. The trains that carried them to their respective homes that night never seemed to travel so slowly.

Many a Wisconsin Christmas, with its glad festivities, was made sacred that year by the return of a loved one to the family circle.

On the 26th of December they returned to Madison, received their pay and final discharge.

Had the Hardest of Work.

The Thirteenth was not drawn into active engagements, and its work has therefore been ignored far too much by the popular historian, who merely goes to the official records for his data and then amplifies from imagination. There can be no greater strain put upon men or officers than that of being constantly shifted from one fragmentary task to another.

Long and hard and fruitless were their marches for hundreds of miles but they were undertaken with that same tireless devotion to a principle with which others won great victories and achieved immortal distinction. It is one thing to maintain discipline in camp with hundreds of others, in the face of the enemy on the eve of some great engagement, it is another to maintain the same obedience on the weary soul-sickening return from an abandoned project.

The officers of the Thirteenth were truly patriots for they patiently obeyed orders realizing they were but a small part of one grand whole.

SILK FLAG TO FLOAT OVER THE SCHOOL

W. R. C. MAKE A GENEROUS AND PATRIOTIC OFFER.

Will Present the Board of Education with a Handsome Twenty-Foot Banner To Be Raised on the New Building—Old Janitors All Re-elected—Other Business.

The Woman's Relief Corps of W. H. Sargent Post No. 20, G. A. R., last night notified the school board, through Superintendent Mayne that they desired to present the board with a handsome twenty foot silk flag to be raised on the new High school building. The board accepted their generous and patriotic offering and referred the matter of a suitable celebration to a committee while Theo W. Goldin, president of the board was appointed to make the speech of acceptance.

Commissioners Clemons, McLean, Shearer and Weisend were present at last night's session, Commissioner Shearer being elected president pro tem. Bills aggregating \$932.30 were allowed from the general fund and \$816.02 was paid from the High school fund. City Treasurer Fathers reported that the school fund now contained \$38,008.16. Misses Mellie Bowles and Gertrude Stoddard were elected as teachers on the recommendation of the teacher's committee, and the committee was given further time to fill the other vacancies.

All Janitors Re-elected.

All the old janitors were reelected, on motion of Commissioner McLean. R. B. Hilt's salary at the old high school, was placed at \$50 a month, while John Cummings, of the Washington school, was granted an increase from \$35 to \$40 a month. Otherwise no changes were made in the salary list. The text book committee was given further time in the matter of changing geographies, and Superintendent Mayne then submitted the proposition of the Relief Corps in regard to the flag, saying that they desired to have a public raising on Saturday, Sept. 14, and that M. G. Jeffris and Dr. J. B. Whiting had been secured as speakers. Superintendent Mayne stated that the building would not be ready to dedicate by that time, and suggested that the board wait until the building was complete and then dedicate it with as large a celebration as they could afford. He also suggested the securing of President Eaton, of Beloit college, President Adams, of the state university, and the president of the Chicago university, the three principal places where pupils are sent from the high school, to deliver addresses.

Referred To a Committee.

On Commissioner Clemons' motion the matter was referred to a committee on supplies, consisting of Commissioners McLean, Shearer and Weisend, and on motion of Commissioner McLean the Relief Corps present was accepted. Commissioner Clemons then moved that President Goldin be appointed to make the speech of acceptance, which motion prevailed. The publishing of the annual report of the board of education was referred to the special committee on supplies; Commissioner Clemons and Superintendent Mayne were appointed a committee to make arrangements for the flag raising; the school year was fixed at thirty-six weeks; the matter of the length of the school days was left to the text book committee, and the Wisconsin Telephone Co., were instructed to place a telephone in the new High School.

J. W. Dugan, Rand, McNally & Company's agent, explained to the board the special features of the new geography which he wishes to introduce in the schools, saying that it contained a section devoted exclusively to Wisconsin with a map of the state by counties, special matter relative to her resources, etc., all of which had been added since he first offered the book to the board. After hearing Mr. Dugan, and their being no further business, the board adjourned.

ALL SOULS.—The People's church. Regular Sunday service at 10:30 a. m. Preaching by pastor, Victor E. Southworth. Subject, "The Uses and Abuses of Freedom." All are invited. No rented pews. At the close of the services after an intermission of fifteen minutes spent in social intercourse the audience is called to order for a free discussion of the subjects involved in the morning sermon. We are anxious for every one to remain and enter freely into the discussion. The school for religious culture meets at 12:15. Culture club meets at 6:15 p. m. in the ladies parlors. All are invited. Subject for study, "Ancient Aryan Religion."

Short Intervals of Peace

Only are vouchsafed to nerves weak and unstrung, but when it is braced up and soothed by Hostetter's Stomach Bitters, perfect tranquility reigns night and day throughout the nervous system. Nervousness is usually a manifestation of chronic dyspepsia, a disorder to the relief of which the Bitters is peculiarly adapted. In the general vigor begotten of complete digestion and assimilation, two functions aided by this auxiliary of health, the nerves of course share. Nervous people should use it steadily, not at uncertain intervals. The bilious and constipated, and those troubled with malaria, rheumatism and kidney trouble, also derive unspeakable benefits from it. The aged and infirm find that it tends greatly to lessen their physical troubles, and persons slowly recovering strength after an exhausting illness convalesce more rapidly when it is resorted to. It is, moreover, a capital appetizer.

Children, especially infants, are soon run down with cholera infantum or "summer complaint." Don't wait to determine, but give De Witt's Colic or Cholera Cure promptly, you can rely on it. Use no other. C. D. Stevens.

LET THE FLAG WAVE.

There are good reasons for the hoisting of the stars and stripes over school houses, as every one knows who looks at the question in the right light. It is well to make the rising generation familiar with a flag that means so much, and is so worthy of esteem and honor. There is nothing in the school books that is of more interest and importance than this object lesson which represents the sovereignty of the people, the authority of the government, and the institutions that are the source of general safety and prosperity. The idea that the flag of the country should be displayed only on special occasions and for purely formal purposes is a false and pernicious one. We cannot see too much of an object so rich in beauty and glory. It should be kept before the public eye at all times, in as many places as possible. A law requiring it to be placed where the school children who are to be the future voters and soldiers of the republic can see it every day and learn to look upon it with due respect and fondness is in no sense a thing to be condemned by any good citizen. The objections made to it in Illinois are trivial and discreditable, and the prediction is safe that the courts will not find anything in the constitution of that great and patriotic state which can be construed as forbidding such legislation.

CHANCE FOR MORE WAR.

In the face of all the cross play of international purposes which is taking place just now, it seems unkind to hint at anything now in that line, but it is nevertheless true that Chili, Peru and Bolivia have the materials at hand for a very pretty little complication. It is based on Bolivia's need of a Pacific port and her repeated and unsuccessful attempts to get it. The little province of Atacama, which was the real bone of contention in the war of 1879-83, was formerly Bolivia's outlet for her productions, as it afforded one excellent harbor. The privilege was lost in the victory of Chili, and at the close of the war Peru was forced to cede to Chili one of her richest provinces and conditionally two others, and latter to decide at the end of ten years of of Chilian rule, which government they would remain under. The period passed and no steps have been taken to consummate the decision, the Chilians still holding the two provinces. To evade the issue Chili has now offered a seaport to Bolivia, and has also agreed to promote Bolivia's acquisition of the two provinces, in consideration of the payment of \$5,000,000 by the latter republic to Peru. In this way Chili hopes to spare herself with Peru and at the same time conciliate Bolivia. The president of the latter country has announced his intention of accepting the terms, but it remains to be seen whether Peru will quietly forego the rich and important districts in question. Peru has a new and energetic president, who is looking closely after the interests of his domain. He will be likely to think long before he renounces permanently his country's claim on so profitable a possession.

GUESS AT THE WEATHER.

Prof. W. L. Moore has let the cat out of the bag. He admits that forecasting the weather is largely guess work. In some instances, like that of the great Atlantic coast storm of last year, he says, it has certainly proved to be advantageous; but in a general way and with reference to daily conditions, he admits that it is not to be

strictly depended upon, because of defects in the system of observation and lack of sufficient knowledge of the laws and influences by which results are produced.

China has already settled in Cash with France for the damage done to French property in China during the recent riots. But all that citizens of the United States have got is an expression of satisfaction from state department officials as to the progress made in the negotiations with China.

The attempt of certain democratic newspapers to lie the present tariff into popularity was very promptly shown up by wide-awake republican editors.

MARRIED FIFTY YEARS AND HAPPY
Sturdy Uncle Billy Wilkinson Will Celebrate His Golden Wedding.

Uncle Billy Wilkinson and his wife Sarah, of Albion Prairie, will have been married fifty years on the thirtieth of this month, and they propose to celebrate the event in a becoming manner. They have lived on the prairie over thirty years, coming there from England. They are of long lived stock, upwards of seventy years of age, but well preserved and seemingly good for many years to come. The golden wedding promises a memorable event in the neighborhood.

EVENTS FOR SUNDAY AFTERNOON

- DIVISION No. 1 A. O. H., regular monthly meeting at Liberty hall.
- DIVISION No. 3 A. O. H. regular monthly session at Columbia hall.
- Y. M. C. A. meeting at the Y. M. C. A. rooms.

BRIEF BITS OF LOCAL.

And he tried to put his feet up his trouser's leg. You could easily guess the cause—his shoes didn't fit. Some glib talker had told him what was what, and he took them. We make it a point to let our trade select what suits them. Brown Bros. & Lincoln.

THE Woman's Auxiliary of the Y. M. C. A. have made arrangements to furnish ice cream and cake, and doughnuts and coffee in the Tallman store opposite the post office on Wednesday afternoon from three until eight o'clock.

OUR fall line of children's suits is the best we ever had. We sold many children's suits in the spring and expect to sell more this fall. Quality and price with great variety for selection will please. Frank H. Baack.

A COMPETITOR remarked not long since that "Bolles sold nothing but cheap suits." We are ready to produce our books to prove we sold as many and more fine suits than any tailor in the bargain. Bolles, the Tailor.

COLD weather is approaching, but a few more weeks and then frosty nights. Better take care of the pedal extremities. We have many nice patterns in fall shoes for you to look at. Becker & Woodruff.

A LOT of genuine French calf shoes, razor toes, square toes, and several other style toes; real value \$4, as long as they last, for \$1.98. The Bee Hive, opposite First National bank.

THE fall patterns in all our children's suits are pretty. Any boy from 3 to 13 years we can fit perfectly in knee pants. A buck board in the bargain free. Frank Baack.

THERE is no doubt, no failure when you take DeWitt's Colic & Cholera Cure. It is pleasant, cures promptly. No bad after effects. C. D. Stevens.

If you want a \$15 suit come to the "originators" of low-price tailoring. We furnish better values than agents or imitators. W. P. Bolles, Tailor.

THAT razor toe shoe is bound to be a winner this fall. Its a dandy all around. Don't fail to see it. Becker & Woodruff.

A NEW and novel entertainment will be given by the Christ church cadets, Tuesday night, Sept. 17.

The best advertisement we ever put before the public was those \$15 suits. W. P. Bolles, Tailor.

Don't miss the entertainment Tuesday night, Sept. 17, at Christ church parish house.

WANTS TO MAKE AXES IN THE CITY

O. L. DeForest Has a Sample of His Improved Helve-Shield on Exhibition.

O. L. DeForest has on exhibition a sample ax with his new style ax head, United States patent, No. 438,990, October 21, 1890. This ax was made in Germany and is the only one of its kind ever manufactured. Its peculiar feature is a helve shield, which protects the helve at its most vulnerable point, thereby arresting the destruction of helves, effecting a saving of millions annually in the renewal of helves. This ax enjoys the distinction of being the only one imported under the McKinley law which imposes a tariff of 45 per cent. Mr. DeForest had difficulty in getting the ax trust in this country to pay him a royalty for the use of his patent and will try to organize a Janesville company.

TICKET AGENTS MEET AT BOSTON

Agent P. L. Heinrich, of the St. Paul Road, One of the Delegates.

Mr. and Mrs. P. L. Heinrich left this morning for Boston, Mass., where Mr. Heinrich will attend the annual convention of the Ticket Agents' International association. The expenses of all who attend are paid by the association, it is the exception of the hotel bill in Boston, the party traveling in palace cars with sleepers and diners attached. Stops are made at Niagara Falls and other points of interest, and the trip will be a delightful one. Mr. and Mrs. Heinrich will be absent but a week, although the tickets allow a month's stay.

TWO FAIRS CLASH ON DATES.

Monroe Reaching Out Into Rock County for People To Swell the Crowd.

The big day at the Rock county fair and the big day at the Green county fair are the same. Green county is attracting attention to it by inviting all Rock county camps of Modern Woodmen over, offering free admission to Woodmen, and a good time for all. It seems to be well understood, however, that the man who misses the Rock county fair will be sorry.

A Thousand Sweeping Bargains.

They are arriving. Each day brings a carload. Where to put them we hardly know. Every nook and corner of our store room is full to overflowing. We have the bargains. We have framed prices to move them. We will sell them cheaper than you ever bought them before. There are bargains in every department. Bort, Bailey & Co.

Studebaker Wagons.

In the construction of a farm wagon, the Studebaker Co. pay no attention to the cost of the material used. Not how cheap but how good. We have another car, all new and bright. F. A. Taylor.

A REMARKABLE CURE.

A CASE OF PILES OF EIGHTEEN YEARS STANDING.

Cured by the Pyramid Pile Cure.

There are plenty of pile cures which give relief and sometimes cure a mild case of piles, but there is only one which can be depended upon with certainty to cure obstinate, long standing cases, and that is the Pyramid Pile Cure.

Endorsements and testimonials are received daily from men and women whose integrity and reliability are above question and in this connection a letter received from the Rev. Jas. H. Westbrook, of Downe, Mich., may be of interest to piles sufferers who have sought in vain for a cure. He says:

I have used the Pyramid Pile Cure and I know that it is all that is claimed for it. I had been troubled with piles more or less for about eighteen years and I had tried other remedies, but the piles grew worse until about ten months ago I used the Pyramid Pile Cure. It gave almost instant relief and I have been free from piles ever since. Rev. Jas. H. Westbrook.

The remedy seems to act equally well in every form of piles, blind, bleeding, protruding or itching. It stops all pain almost immediately, allays irritation and removes constipation, and anyone who has suffered the annoyance and pain of a rectal trouble will appreciate the excellent results which invariably follow the first application of the Pyramid.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere. Two sizes, 50 Cents and \$1. Sold by all druggists.

Close Your Eyes

To quality—and the world is full of cheap things—but with your eyes wide open—the real good things are few and far between. When we buy goods we look sharp—for quality—and workmanship—if they are right—we see about the price—if not—50c on the "nothing" could not tempt us to buy—for we have a reputation at stake. If you buy merchandise here—ITS RIGHT—no matter how little you pay for it—ITS RIGHT—the very fact that it is in THIS store stands for an absolute guaranty that it is thoroughly dependable. Friday and Saturday we will sell Ladies' Buttoned or

STEAM TO BE USED IN BELOIT MILLS

LOW WATER CRIPPLES THE LINE CITY.

Blodgett Company Puts in a Hundred Horse Power Engine To Be Used During a Third of the Year—Art League Officers—Harvest Social—Brief Local Notes.

WILL USE STEAM—Low water in Rock river has crippled Beloit as much as it has Janesville. The Blodgett Milling company is about to put in a one hundred horse power steam engine and boiler. They have heretofore depended entirely upon water power to run their mill, and have suffered a loss of business a portion of the year because of low water. Mr. Blodgett estimates that he will require steam power about one-third of the year. R. J. Dowd will replace the thirty-five horse power engine in his knife works with one larger. He has water power sufficient when there is a fair stage of water.

MR. HUEY LEADS—All men are most cordially invited to be present at the meeting for men in the Y. M. C. A. rooms tomorrow afternoon at 3 o'clock. Rev. S. G. Huey, pastor of the United Presbyterian church of Rock Prairie, will speak on a special subject to young men. Good singing is always a feature of the meeting. Special gospel song by the male quartette. Song service promptly at 3 o'clock. Strangers in the city are welcome.

WILL EAT—Municipal Court Clerk W. F. Williams and Municipal Court Bailiff Wallace Cochran were remembered by Municipal Judge Phelps this morning in a way that argued well for a Sunday dinner. The judge presented each with a large cabbage, a bunch of new onions and a luscious looking egg plant, all of which were raised on his Hanover farm.

ANES ESTATE—After almost sixteen years of litigation, the contest over the will of Bishop Ames, Methodist Episcopal, has been settled. The children are to have equal shares of what is left of the estate. Bishop Ames is remembered by many of the old residents, having presided here at a general conference years ago.

CHURCH BIRTHDAY—St. John's Lutheran church which has grown remarkably in five years under Rev. Kaempfe's pastorate will celebrate its fifth anniversary tomorrow. A special song service will be rendered in the evening and the church will be attractively decorated.

BLOCK SYSTEM—In connection with the building of the new block signal system on the Chicago & North-Western road between Baraboo and Madison a telegraph office will be established at Devil's Nose, a dangerous place on the line.

ART LEAGUE OFFICERS—Mrs. A. E. Tangberg was chosen president of the Janesville Art League at the meeting yesterday afternoon; Mrs. John Winans, vice president; Mrs. Hugh Menzies, secretary; and Mrs. O. G. Bennett treasurer.

RESTING—The members of the fire department are now taking their annual vacations. Driver Scott of No. 1 hose company has just returned from his leave of absence and Hoseman J. C. McGinley is now enjoying his furlough.

HOME GROWN PEACHES—A peck of home grown peaches, finer than any of the Michigan fruit sold this year, was shown by Chas. Hutton in Edgerton. He has eight trees but the Wisconsin climate seldom allows them to bear.

CONCERT—A large crowd listened to the open air concert in the court house park last night. The Imperial band now ranks with the best musical organizations in the state, and their music is worth going a long way to hear.

CHANGE IN FIRM—N. B. Robinson and Alex. McLellan have dissolved partnership and the business of N. B. Robinson & Co. will be carried on by Mr. Robinson, although the firm name will not be changed.

HARVEST SOCIAL—Baptist young people enjoyed themselves hugely at their harvest home social last night. The parlors of the church were decorated in appropriate fashion.

THE CHRIST CHURCH cadets will give photographic entertainment at the parish house Tuesday evening, September 10. Tickets 25 cents. Children under 12, 15 cents.

THOMAS COPPIN is lying at the point of death at his home in Beloit with stomach trouble and his mother, Mrs. Coppin, of this city, has been summoned to his bedside.

FIFTEEN DOLLAR SUITS to order. Bolles, the tailor.

FISH—Landlord Sweeney, of the Grand, has a large aquarium filled with speckled trout and gar fish on exhibition in the show window of the annex.

FIFTEEN DOLLAR SUITS to order. Bolles, the tailor.

HENRY KNOX and the Quaker gentleman are two of our leading 5 cent cigars. There are none better for the money. C. D. Stevens' Pharmacy.

FIFTEEN SUITS to order. Bolles, the tailor.

THE FUNERAL of Mrs. M. M. Flint will be held from the home tomorrow morning at 9:30 o'clock. The interment will be made in Cooksville cemetery.

FIFTEEN DOLLAR SUITS to order. Bolles, the tailor.

THE RAZOR toes in our new fall stock of shoes are beauties. They are for

men of course. The last all the way through is pretty. Becker & Woodruff.

FAIL styles in shoes this year are very pretty in every department. Our reputation as dealers in the latest of patterns for footwear gives us a preference in stylish goods. Becker & Woodruff.

FOR the finest line of gent's \$2.50 shoes in Janesville, come to us. We took great care in selecting them last spring, and bought before the rise of leather. Lloyd & Son.

WE have nearly closed out these 50 cent oxfords, only a few left. Don't wait until it's too late, they won't last long. Brown Bros. & Lincoln.

THAT people appreciate good cigars is shown by the fact that they are buying lots of Souther's Bouquets ten cent cigars, at C. D. Stevens' Pharmacy.

MRS. MUMYER, has on exhibition and sale, some fine embroideries made by herself, at Minor's shoe store. Mrs. Minor invites the ladies to call.

ROLLER—The steam roller is now kept on a vacant lot near the Five Points, and is covered with canvas at night.

HAVE you made the acquaintance of a Quaker gentleman at C. D. Stevens' pharmacy.

BICYCLES, stove castings and cutlery repaired. Janesville Plating Co., buckle factory.

MILKINE sells well, because it pleases all who use it. C. D. Stevens' pharmacy.

FIFTEEN dollar suits to order. Bolles, the tailor.

ANDREW HOLMES has returned from Carlinville, Ill.

When You Think

Of buying a new dress, you had better come to us. We make it our business to have the newest and most desirable dress goods that the market affords. We make it our business to treat you right. We would publish some prices but we've talked prices so long and often that you can't help but know how much lower we are than most stores. Bort, Bailey & Co.

Prompt Payment.

Janesville, Wis., Sept. 5, 1895.—This is to certify that John Stally, who died August 27, carried certificate No. 16643 in Bankers' Life Association of Des Moines, Iowa, for five years and three months, at a total cost of \$91.80; that I have received this day through their representative, the Bower City Bank, of Janesville, Wis., cash for full amount of said certificate \$2,000. Mrs. MARY STALLY.

MILL DEAL CLOSED AND DEED SIGNED

JAMES L. SHACKLETON BUYS THE HODSON PROPERTY.

La Porte, Ind., Farm Traded in at \$35,005, and Arthur McAdam Will Go Down To Take Charge—Mill Wheels Will Be Started Very Soon.

The Hodson mill sale has been completed. Attorney Wilson Lane returned from Chicago last evening after perfecting the details. James L. Shackleton of La Porte, Ind., is the new owner. He pays \$35,005.

Mr. Shackleton is an experienced miller, having run a mill all his life until the last ten years when he traded for the La Porte farm and settled down. He has a wife and four children and has been anxious for some time to get where he could give his children better advantages. As soon as possible he will move here and start the mill running.

Mrs. Hodson gets the farm and buildings together with most of the crops and stock. A deal is pending whereby she will get everything on the farm. Arthur McAdam will run the farm for her. He has been in charge of her flat buildings in Chicago but another man will be installed there and he will go to Indiana at once, taking his wife and family who now live in this city. Mr. McAdam was in the employ of Mr. Hodson for years, and is familiar with farm work.

PFENNIG GOT ROCKFORD MONEY.

Won Third Place in the One-Mile Handicap Yesterday Afternoon.

W. M. Pfennig, with 101 yards allowance, won third money in the mile handicap in Rockford, yesterday. W. E. Kenyon of Chicago, (30 yards) was first, and A. M. Burr of Rockford (70 yards) second. The time was 2:24. A. K. Wheeler and C. W. Hodson were down but did not carry away money. A. M. Burr of Rockford, took two firsts and F. C. Cleveland of Rockford, another.

MISS CALKINS MADE SECRETARY

Given The Young People's Work of The Synodical Missionary Society.

Miss Matella Calkins of this city has been made secretary of young people's work for the Woman's Synodical Missionary Society of Wisconsin. She will hold office until the meeting of the Synod in Oshkosh, October 8. Miss Nettie Harrington of this city, state superintendent of junior work for the Wisconsin Christian Endeavor Union is scheduled for an address at the Oshkosh meeting. Her subject will be, "Juniors to the Fore."

Dissolution Notice.

N. B. Robinson, having this day purchased the interest of Alexander McLellan in the business of the firm of N. B. Robinson & Co., said firm is this day dissolved by mutual consent. All outstanding accounts will be collected and all bills of said firm paid by said Robinson.

Said Robinson will continue the business at the old stand, No. 16 East Milwaukee street, or No. 74 numbered by the alley, under the name of N. B. Robinson & Co.

N. B. ROBINSON, ALEX. MCLELLAN. Dated Sept. 7, 1895.

Lost.

We have never lost a customer on the Douglas shoe. Once a customer always one. You only pay the regular price. Why take shoes said to equal when you can get the genuine. Brown Bros. & Lincoln.

LADIES' oxford ties, tan or black, seventy-five cents a pair. Lloyd & Son.

THE run of the entire store is yours. We leave it to yourselves. You can pick out any shoe on any shelf and have it for just half what you would be obliged to pay for it elsewhere. Becker & Woodruff.

TWO HUNDRED AT A FARM SOCIAL

Mr. and Mrs. E. W. Fisher Entertain Court Street Church Young People.

Two hundred people attended the social at Mr. and Mrs. E. W. Fisher's home on the Center road last evening. Carriages, buggies and hay-racks took the crowd from Court Street Sunday school room to the Fisher home, where lines of Chinese lanterns flashed colored lights through the trees. Ice cream and cake were served on the lawn. The visitors were loud in their praise of the way Mr. and Mrs. Fisher cared for their comfort, the preparations being very elaborate. On the way out a hay-rack load of young people broke down, but they borrowed an extra wheel from a farmer and made their mishap a source of merriment.

SURPRISED EDDIE C. BROOKS.

Thirty-Five Friends Gathered At His Home In The First Ward.

Eddie C. Brooks, son of Mr. and Mrs. F. C. Brooks of 120 Madison street, was fifteen years old yesterday. His friends remembered it and last evening they surprised him completely by pouring in and taking possession of the Brooks home. There were thirty-five of them and John Harrington, in behalf of the company presented the young man with a gold ring. An elaborate supper was served and the evening was made merry with games.

CROSS EYED TRAMP IS JAILED

Chief Acheson and Officer Hogan Arrest a Drunken Vagrant.

Chief Acheson and Officer Hogan arrested a "hard looking seed of a tramp" named John Doe, down in the Fifth ward yesterday afternoon. The tourist had cross eyes and was a giant in stature. He claimed to be searching about people's back doors in hopes of finding work, but as he was heavily freighted with bottled jay, they locked him up.

STEAM ROLLER HARD ON DRAINS

Tile Pipe Will Not Support Its Fifteen Tons Weight.

They ran the steam roller down a graveled street in the Fourth ward yesterday, and as a result the city can now put in some new sewer pipe drains. The tiling was not laid very deep under the ground, and crushed up like pasteboard when the massive roller went over.

FOR ALL SUNDAY SCHOOLS.

Important Meeting in the First Methodist Church Next Tuesday Evening.

There will be a Sunday school meeting for all the schools and all the people at the First Methodist church Tuesday evening, at 7:30 p. m. The meeting will be addressed by Mr. Reynolds of Peoria, Ill., an able and effective speaker. All are invited.

If you meet a tall, athletic looking man with a wild eye, on the country roads, avoid him as you would the plague.

He's a maniac.

Pat Burns is his name and he escaped from the Rock county asylum some days ago. Since that time his brother and the county officers have been hunting for him. He was seen near the Grand Hotel at Beloit by Marshal Appleby, who was on his way to Waukesha and when the marshal reached Janesville he telephoned to Officer Scheibel to capture the crazy man, but Officer Scheibel could not locate him. Sheriff Appleby went to Beloit to look for Burns last night but did not find him.

Superintendent Davis of the Walworth county asylum, came to Janesville this morning and got F. Umbach, a lunatic who escaped from that institution and was arrested by Marshal Brink of Evansville.

QUEEN ANNE COTTAGE.

A Beautiful Design That Has Many Excellent Points in Its Makeup.

[Copyright, 1895, by George Palliser, Architect, 32 Park place, New York.]

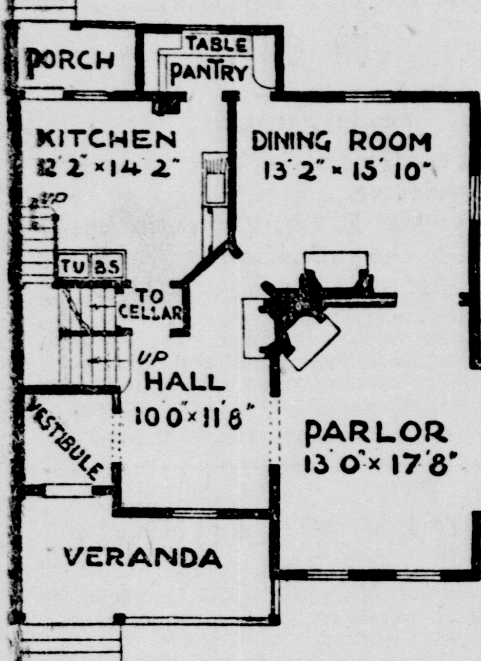

It is study and careful thought that bring about the best results in the planning of a home, and too much care cannot be given to this very important subject. Even the time used in planning what may well be termed air castles is well spent, as it is an educational period that is bound to lead up eventually in the path of practicality and bring the thinker around to a haven of safety and rest.

One of my most intimate friends, who lives in a beautiful home with all the comforts of wealth, health and with his fam-

PERSPECTIVE VIEW.

By at the fireside, once told me, "This is all the result of building castles in the air, and if I had never indulged in that habit I do not think I would now be enjoying this castle in reality." The attainment of this reality had taken years of toil, study and self denial, and through all his misfortunes and reverses he said he had always looked for the silver lining behind the clouds when he could acquire and carry out the dream of his ambition, and that at the darkest times in his business career he had built up the largest and best air castles of his life, and thus the final result was born and kept alive under the most adverse times by living in the air castles built and tumbled over as he journeyed along. By all means let every one enjoy

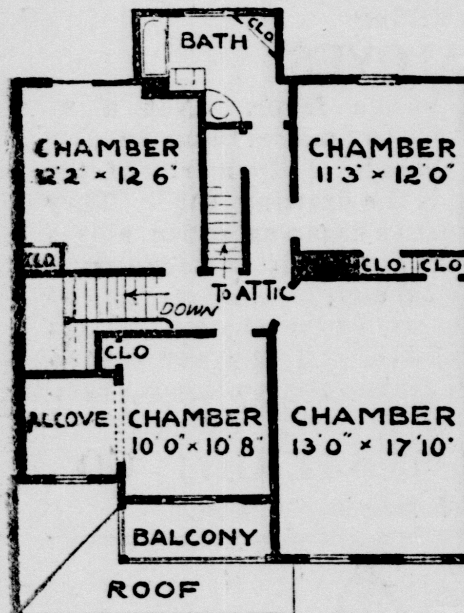

FIRST STORY.

the erection of these dreams—and build on and on; it is beneficial, it is good, it is economical, and, as above, when it does lead to reality it is valuable beyond measure.

This real cottage home has many good points in its plan—the fine vestibule entrance, beautiful hall reception room, the stairs of combination order, from both hall and kitchen, and the liberal size and arrangement of its rooms on both floors. Think the plan over and may be you can see in it the reality of your air castle dreams. It may lead you out of the wilderness into realms of bliss and thus come to you, as the dove to the ark, a messenger bearing the olive branch you have been looking so long for—let us hope so at least.

Two story frame cottage suited for erection on a 50 foot front lot; feet front, 31; feet deep, 40, an excellent plan, one that will commend itself to those requiring a house that will give this amount of room

SECOND STORY.

and accommodations. Height of stories: Cellar, 7 feet; first story, 9 feet 6 inches; second story, 8 feet 6 inches; cellar walls of stone below grade, brick above, frame sheathed and papered; first story, clapboard finish; second story and roof shingled.

Interior.—Open fireplaces in front hall, parlor and dining room; portable range in kitchen; cellar cemented; walls hard finished.

Three finished rooms in attic; floors are yellow pine; kitchen and bathroom wainscoted, finished in white pine, filled and varnished.

The arrangement of stairs, giving combination back stairs from kitchen to front stairs, is a convenient feature. Furnace in cellar, piped for gas, plumbed complete, fixtures as shown. Sewer and water connections to street.

Exterior.—Two coats of paint, shingles stained.

Cost to build, finished as above, \$3,200.

Make a Business Woman of Your Wife.

Make a business woman of your wife. This is my advice to every married man, no matter what his station in life may be. But how can I do this in my position? many may ask. Easily. Give your wife your wages and intrust her with the spending and saving of your earnings. Co-operate with her in giving her good advice as to what to buy and also in saving toward any day. Have a distinct understanding with her that a certain amount shall be saved, and the start once well made the battle is won. If you are a business man yourself, you can the better understand why your wife should be a business woman. She will save you money, be a better buyer, understanding and learning by her experience how to make the money go the farthest. Make her a certain weekly allowance according to your means. Be liberal with her and she will save for you when you would fail to do it for yourself and prove a treasure to you both financially and otherwise.—Miles Spinner.

FASHIONABLE SKIRTS.

Hints About Fitting a Skirt—Where to Put Pockets.

In order to finish the fashionable skirt properly around the foot, it should be fitted at the hips and put on the band before anything is done at the lower edge, since the lining, seams, stiffening and bias parts will make its length quite different, by actual measurement, on the person from what it seems to be as it lies flat on the table.

If the hips are very large in proportion, especially with skirts which have wide breadths and few seams, it is necessary to fit the skirt to them with darts, but if the breadths are many and narrow, the seams approaching closely at the top, darts will

WALKING GOWN.

not be requisite, as any needful fitting may be done at the top of the seams. The fullness at the back is laid in two or three plaits at either side of the middle.

Many women insist, even in these days, on having that convenient addition to the gown, a pocket. This is placed now at the left side of the back opening, between the shield, which lies under the opening, and the skirt itself. If the front of the skirt is trimmed in any way permitting the adroit concealment of the pocket, it may be placed there, although if it is put to any use it is apt to make its presence evident by an unsightly bulge.

The skirt just now most in vogue should touch the floor all around without dragging. The inner fold of the godet is necessarily shorter than the outer one. It is said that soon we are to wear shorter skirts, brief enough to escape the ground with space to spare, and that godets are to be relegated to a place among the back numbers, but for the present the moderately long skirt and the godet are still with us and no other style is seen. If short skirts do become decidedly fashionable again, what a comfort it will be to women who walk! Long skirts are becoming and graceful and feminine and picturesque, but they are not appropriate to even the mildest exercise, or to the out of doors world except as a carriage costume.

The walking gown shown in the sketch has a godet skirt of violine faille. The plain bodice is covered with mediet guipure, embroidered with violet spangles. The faille sleeves have a balloon top. The standing collar is of faille with two sharp points. The belt is of satin of the same tint, closed at the left side under a knot.

The Professor's Sarcastic.

A medical student who recently dropped a piece of paper, on which the word "Monkey" was written in large letters, in the cap of a professor against whom he had a spite, told the joke to all his chums.

The next day the professor said to the class, in bland and polite tones: "Gentlemen, I have to thank one of your number for the courtesy of dropping his card in my cap yesterday."

LOVE CURED BY A BICYCLE.

He met her first upon the beach, in tailor gown attired;
Her lovely face, her willow grace, her sylph-like form admired.

Again he met her at the ball and with his charmer danced;
Her classic nose, her graceful pose, he saw and was entranced.

And when, upon the tennis ground, they chased the errant ball,
Her flying feet, her costume neat, his raptured soul enthralled.

But when he saw her ride a wheel, in knicker-bockers trim,
Her subsequent proceedings had no interest for him.

The Only Remedy in the World that Refunds Purchase Price if it Fails to Cure the Tobacco Habit in 4 to 10 Days is

Narcoti-Cure

It Cures while You Continue the Use of Tobacco.

The greatest discovery of the age!

A certain, pleasant, permanent cure.

A lifetime's suffering ended for \$5.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn and drains on your vital forces?

Stop using tobacco, but stop the right way.

Drive the nicotine from your system by use of this wonderful remedy.

Narcoti-Cure is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette and Pipe smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankerling" and "craving" will disappear—the weed won't taste good.

Then throw away tobacco forever.

Narcoti-Cure is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember Narcoti-Cure doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With Narcoti-Cure, when you are through with tobacco you are through with the remedy. One bottle cures. Send for book of prominent testimonials like the following:

Our Ability

to be of the greatest service to you depends to some extent on your conferring with us. Our line runs practically through the center of the state, and we desire to aid in improving the business of the community at the same time benefitting our road.

If those who read this will enquire how our train service is conducted they will be sure to make more use of our lines.

Our trains are run to accommodate the business, and for comfort and prompt service all vice all prompt service, are by any line. We want to build up our manufacturing interests, and with the abundance of timber of all kinds, Pine, Hemlock, Oak, Birch, Maple, Basswood, etc. Tan-bark, together with Granite and Lime Stone Quarries, Clay beds for brick, and our unlimited supply of Iron Ore, with general proximity to markets, these facts should be of interest to all to locate manufacturing.

Correspondence is solicited from who want to do business with us.

Small Beginnings!

are never to be despised. Our store was not always the success it is now. That was because it was not known, but now our goods, their excellence and reasonable price are known everywhere. It has taken us care, judgment and every other business quality to

attain this result, but now customers often leave our store regretting that their purses are not inexhaustible. Everyone should take a look at our goods, for they have attained the high tide of excellence and variety and that is the greatest mark a merchant can make.

If you would keep warm this winter don't fail to see our line of Stoves. We handle the best

line of Heaters of all kinds possible to obtain.

Garland, Peninsular, Round Oak
and many other as reputable.

LOWELL HARDWARE CO.

Two Stores--Milwaukee & River St.

DURING THE PAST THIRTY DAYS WE have purchased in the eastern markets **twenty-five thousand dollars** worth of New Fall and winter dry goods.

The goods are now being received each day and you have only to step into our store rooms to see the busy activity of every one in our employ to understand that we are making great preparations to get a large share of your Fall trade.

It has been necessary for us to shelve our store to the ceiling through almost the entire length to accommodate the great bulk of stuff we are bringing in. We have taken great care in the selection and purchase of this new stock of goods, and we tell you frankly we have made **some of the best purchases of our life.**

Our whole aim and our whole thought is to be able to get a first-class article that we can afford to sell a little cheaper than our competitors and so in order to get the very lowest prices we have been obliged to buy whole cases of goods direct from the manufacturers' agents. By buying in solid cases and paying spot cash we have been able to purchase these lines as cheap as any house in the country own them and we can afford to sell you the goods cheap. You have got to buy Dry Goods this fall. Do you think it will be to your advantage to see this

**First Class,
High Grade,
Low Priced Stock.**

We have many great drives to offer you.
